

Dear Sir or Madam:

I'm seeking a three-month or six-month internship starting the summer of 2017 and am interested in the position of Software Development Intern. A position at SONOS appeals to me because of my strong interest in working on a product that I like and have experience with. I've been working with C++ for over two years and have experience with the Boost libraries. Additionally, I have experience with Javascript, Python and Ruby.

I'm excited about working on software that will be delivered to customers, and believe that my skills and interests would be well utilized at your company. I look forward to talking with you further about internship opportunities at SONOS. Thank you for your consideration.

Sincerely,
Zachary Krausman
