

Dear Sir or Madam:

I was pleased to meet your representative at the job fair at the University of Massachusetts Lowell. I'm seeking a three-month or six-month internship starting the summer of 2017 and am interested in the position of User Interface Developer. A position at Dassault Systèmes appeals to me because of my strong interest in user interfaces. I have experience in JavaScript from my software engineering class. I have also had experience with Java and HTML in the past. In addition, I've been working with C++ for over two years and have experience with the Boost libraries.

I'm excited about working on software that will be delivered to customers, and believe that my skills and interests would be well utilized at your company. I look forward to talking with you further about internship opportunities at Dassault Systèmes. Thank you for your consideration.

Sincerely,
Zachary Krausman
